## WITHDRAWAL OF CAUTIONARY

---

---

As advised in the cautionary statement dated 30 April 2023, the Company has been considering a Rights Issue. This has caused several significant shareholders to reconsider their long-term commitment to the business. The shareholders have now reached an agreement for the disposal of their shareholdings to the major shareholder who remains committed to the long-term success of the company.

In view of these developments, the cautionary statement of the 30th of April 2023, is hereby withdrawn.

**By Order of the Board.**
